### TERRIBLE EXPLOSION!

Too High Pressure.

In these days of keen competition in every line, when the business man is compelled to bend his intellect and every energy to the success of his business; the clerk, book-serper, professional man and laborer, to leive themselves at a terrific rate, there ca be but one result—an explosion, which if not resulting in immediate death, leave-them with shattered brains and bodies. They are running at too high pressure. The strain is too great. Something must and does give way. This is equally true of and does give way. This is equally true of women. Though their sphere is more imited, they have their daily burdens, frets. and worries, and the results are the same a with their stronger companions.

This condition is growing worse every v. The rapidity of its increase is awful contemplate. Our homes, hospitals, and mame asylums are full of these unfortunates, and are being crowded still further. Trying to Avert a Special Session. DENVER, Dec. 28 .- The committee apsointed by the business men's convention labored with Governor Waite several hours to induce him to reconsider his decision to call a special session of the legis-lature. Looking Mopefully Forward to the Dawn of a New Year.

NEW YORK, Dec. 28 .- R. G. Unconfirmed Report That He Has Captured Rio Janeiro.

PEIXOTO SAID TO BE A PRISONER.

It Is Further Stated That Privote Has Resigned the Presidency in Mello's Favor-Brazillan Diplomatic Representatives Doubt the Truth of the Story.

PERMANEUCO, Dec. 23.-According to report which reached here from Rio de Janeiro, the insurgent fleet, after two days of desultory lighting with the gov-ernment troops, has made a determined and successful attack upon Rio de Janeiro, which has resulted in the capture of that city. It is added that President Peixoto has resigned the presidency in favor of Admiral Mello, and that Peixoto is a prisoner in the hands of his ensure Such are the reports as they have reached us here but it should be added that the authorities of Pernanduce, who have been questioned on the subject, doubt the truth of the news which is in

general circulation.

Messages from the Associated Press correspondent at Rio de Janeiro have, ap-parently, been intercepted. This gives color to the report that something of an extraordinary nature has occurred.

A severe engagement between the Bra-zillan insurgents and the government troops is reported to have taken place at Itajahy, north of Desterro. The number of killed was said to be 400, and a very large number are reported to have been wounded. The government forces are said to have captured the rebel warship

BALTIMORE, Dec. 23.-Eugene Levering & Co., coffee importers of this city, re-ceived a cable from their Ris Janeiro office confirming the report of Mello's cap-ture of Rio Janeiro.

LONDON, Dec. 23.—The reported capture of Rio de Janeiro by the insurgent forces is very much commented upon in of-ficial circles here. The Brazilian minister was besieged by inquiries soon after the report gained circulation here, and in reply to a question on the subject, the min ister said that the last cable message which he received from Rio de Janeiro was on Dec 20, when the minister of ma-rine said that all was right at Rio. A

confirmation or a decial of the news from Rio is anxiously expected here, New Youx, Dec. 27 - Minister Mendones, who arrived in the city from Wash-ington on Thursday, said in a note that he was too busy to be interviewed. When in-formed of the report that Mello had captured Rio he returned the following: " have just received cablegrams from Rio but they contain no such advices," Mr. Mendonca's secretary stated afterward that the minister did not believe the re-

BIRMINGHAM, Ala., Dec. 23.—At Mo-Cary's ferry on the Tombighes river, a party was crossing the river on a flat, when a little child fell overboard. Dur-ing the excitement Mrs. Williamson and Mrs. Alexander, the latter the child's mother, jumped into the river to recue it, but both were drowned. The child caught
